Additional Experiences

Uplighting | 500

Uplighting is the placement of individual light sources at the base of architectural details or points of interest, typically around the perimeter of a space, to draw attention to those details.

Audio Guestbook 300

A brilliant way for your guests to leave you a personal message at your wedding or party.

Dancing On The Clouds | 500

Dancing On The Clouds adds a romantic feel to dancing with your loved one. The low lying fog with clever back lighting can also create amazing wedding photography – the kind of artistic images you would have blown up to adorn the walls of your home for years to come.

Experiences Continued

Club Cannon | 300

Bring the impact of a Las Vegas night club into your celebration with our co2 blasts or co2 cannon. Seriously, how cool would it be to ignite your celebration with this experience? CO2 cannons rock.

Mobile Planning App

Introducing our event planning app. Our app puts us in your pocket 24/7.

From music selection to order of events, VIBO will keep us both on the same page.
